Samsung Pay™ Is Here

Smarter Payments for Citi® Commercial Cardholders

We're pleased to introduce **Samsung Pay**, now available for eligible Citi® Commercial Cards in the UK and select EU markets.

Samsung Pay enables fast, secure, and convenient contactless payments using a compatible **Samsung phone or Samsung watch**, making everyday business approved purchases simpler, safer, and more efficient.

Why Samsung Pay?

Tap. Pay. Go.

With Samsung Pay, cardholders can make payments anywhere contactless payments are accepted, in store, in apps, or online, without needing their physical Citi Commercial card.

Built for Security

Every transaction is protected by industry-leading security, including **Samsung Knox** and tokenization, ensuring only authorized users can complete payments.

Designed for Business Convenience

Samsung Pay helps cardholders move quickly through checkout, reduce contact and keep payments flowing smoothly, even on the go.

Getting Started Is Easy

1. Open the **Samsung Wallet** app on your compatible Samsung phone.
2. Add your Citi Commercial Card by scanning it or entering the details manually.
3. Complete a onetime verification step.
4. Start paying with Samsung Pay on your phone, or import the card to your Samsung watch for even faster tap-and-go payments.

Once set up, simply tap your device wherever you see the **SAMSUNG Pay** or  symbol.
